

~~CONFIDENTIAL~~

5 October 1967

MEMORANDUM FOR: Chief, Geography Division, Office of Basic and
Geographic Intelligence

SUBJECT: ADP in the Geography Division

1. To better appreciate the potential role of ADP techniques in OBGI, a "seminar" is being planned in each division. The objective of this informal meeting is to discuss the problem of ADP potential, evaluate current practices, if any, and recommend specific actions to implement the necessary training.

2. It is my intention to conduct these meetings in a very informal manner and I suggest that participation be limited to those persons in your division who can make a specific contribution. This might include the branch chiefs, [REDACTED] and yourself.

25X1A9a

3. Would 0930 on 10 October 1967, in Room 904, Magazine Building, be a possibility? I suggest that a 2-2½ hour session should cover the proposed topic initially.

Smith

[REDACTED]
